Job Details

CE Brands International Inc. is seeking a creative and detail-oriented Web Designer to join our growing product team in Vancouver, BC. The successful candidate will help design user-friendly digital experiences for smartwatch products and related mobile applications.
Location: Vancouver, BC (Hybrid)
Employment Type: Full-time, Permanent
Salary: $90,000 - $105,000 annually
Hours: 40 hours per week
CE Brands International Inc. welcomes applications from Canadian citizens, permanent residents, and individuals legally authorized to work in Canada.
How to apply: Email to David.colleran@cebrands.ca , Only candidates selected for an interview will be contacted.

Job Description

Key Responsibilities:
• Design intuitive user experiences for smartwatch interfaces and companion mobile applications
• Develop wireframes, mockups, user flows, and interactive prototypes
• Collaborate with product managers, developers, and marketing teams to improve product usability and visual consistency
• Conduct user-centered design research and translate findings into practical interface solutions
• Maintain and contribute to internal design systems and visual standards
• Prepare design assets and specifications for development implementation
• Review and refine designs based on feedback and testing results
• Support continuous improvements to digital product experiences across multiple platforms
Qualifications:
• Bachelor’s degree in design, digital media, interactive arts, or related field
• Minimum 3 years of experience in UX/UI or digital product design
• Strong proficiency with modern design and prototyping tools such as Figma, Adobe XD, or similar software
• Understanding of responsive and mobile-first design principles
• Strong communication and collaboration skills
Benefits:

- Extended health and dental benefits
- Disability insurance
- Paid personal days
- Team-building activities
- Flexible work arrangement
