Business Name: Harbour City Kitchens Inc.

Title: Kitchen Cabinet Installer

Number of Available Positions: 1

Terms of Employment: Permanent, Full-Time (30-40 hours per week)

Wage: \$38.50 per hour

Benefits: Dental Insurance, Employer matched RRSP contribution, Extended medical insurance, Critical Illness and Employee Assistance Program

Language of Work: English

Work Location: Saanichton, BC

Company Profile:

Family-owned and operated, we've been one of Vancouver Island's leading cabinetry manufacturers for over 40 years. Our commitment to pride, integrity, and excellence is evident in every aspect of our work, from how we treat our staff to our constant investment in innovation, quality control, and client satisfaction. Our team at HCK shares our family vision, valuing our clients and taking pride in our work, making it an extraordinary place to work and a leader in the industry. We offer our customers an incredible full-service experience and deliver remarkable quality kitchen cabinetry that satisfies and delights.

We are seeking an experienced Cabinet Installer to install preassembled and custom cabinetry, kitchen cabinets, vanities, countertops and related components in homes, offices and multi-unit developments throughout Greater Victoria. The successful candidate will review installation drawings, verify site measurements, fit and secure cabinetry, and complete installations to a high standard of workmanship while providing professional customer service.

Job Description

Job Duties and Responsibilities:

- Review shop drawings, plans, specifications, work orders and installation instructions to determine installation requirements.
- Inspect site conditions, verify measurements and determine appropriate layouts and installation procedures.

- Measure and mark guidelines and installation locations for cabinets, countertops, vanities and related components.
- Install preassembled kitchen cabinets, custom cabinetry, vanities, countertops and related components using hand and power tools.
- Position, fit, level, align and securely fasten cabinetry according to drawings and installation specifications.
- Assemble components and make minor cuts, trims and adjustments required to accommodate walls, floors and other site conditions.
- Install and adjust handles, hinges, drawer systems, panels, fillers, mouldings and finishing pieces.
- Inspect completed work for proper alignment, fit, finish and operation; troubleshoot and correct installation deficiencies.
- Report damaged materials, shortages, measurement discrepancies and site-condition issues to the service department and project team.
- Coordinate with project staff, designers, builders, other trades and customers regarding installation requirements and schedules.
- Maintain accurate records of installation time, materials, deficiencies and project information.
- Protect finished surfaces, maintain tools and equipment, and keep work areas clean, organized and free of hazards.
- Follow company procedures and applicable WorkSafeBC health and safety requirements.
- Complete work within established project schedules while maintaining quality standards and courteous customer service.

Employment Requirements:

- Secondary school graduation certificate or equivalent is required.
- Minimum 2 years of experience in cabinet installation or a closely related installation occupation.
- Demonstrated experience installing kitchen cabinets and related cabinetry components.

Your Skills and qualification:

- Ability to read and interpret shop drawings, plans, specifications and installation instructions.
- Accurate measuring, marking, fitting, levelling, alignment and fastening skills.
- Ability to safely operate hand and power tools used in cabinet installation.
- Knowledge of cabinet installation techniques, hardware adjustment and finishing procedures.
- Ability to identify and resolve installation deficiencies and problems arising from site conditions.
- Strong attention to detail and commitment to quality workmanship.
- Ability to work independently, organize installation tasks and manage schedules effectively.
- Good communication and customer service skills when working with clients and project teams.
- Ability to perform physical installation duties, including lifting and carrying cabinetry, bending, kneeling and prolonged standing.
- Valid driver's licence and ability to travel to various worksites throughout Greater Victoria.
